There is much to making a moment truly perfect...

It is, after all, the crowning of hours of planning, the crystallisation of dreams, and a reflection of you, and your love. The colour canvas you choose, the menus we create together, the music that surrounds, the arrival moment, the sparkle of Champagne as it is poured, the unveiling of the cake, the table settings, the special touches, and the experience you have in creating this special collection of moments... we are standing invisible beside you, with an intimate understanding of the magic you expect.

It is, after all, your moment!

After the promise is made and Champagne toasts are done; when guests bid farewell and the music quietens, it's time for... time.

The first few quiet moments as a couple, finally alone, are to be savoured, remembered and special.

Stand for a moment on the private balcony and soak up the view - the magnificent city heart and its joyous lights, the Brisbane River, and Queensland's big beautiful sky. The gentle hum of the city is a reminder that dreams do, actually, come true. Inside, the Deluxe King Suite provides an elegant canvas of caramel and burgundy hues.

Fall into the king bed, Champagne in one hand and handmade chocolates in the other...

It is, after all, your moment!

Let us take over... there's a room service breakfast for two created by our chefs, and a late checkout. And don't worry, we'll take care of your bags, suits, dress and shoes.

Tomorrow? Well, that's another day.

For your guests...

The world really is a small place, and we understand that your friends and family may journey to Brisbane from all over the globe, across the country, and from the length and breadth of Queensland. They may even be coming from just across the river!

So, let's share your moment with them, and have them stay with us.

It is our absolute pleasure to offer your family and friends 20% off our best flexible rate. This means we will look after them, there is no transport planning to consider and you can focus on you.

*Please allow your dedicated wedding coordinator to assist you with your guest accommodation requirements.

More moments...

There's much, much more than just one moment involved in your day. There are many, so please, be our guest...
